

Deaths, Funerals

Mrs. Rose Noble Hughey J. Emory Rapp

Mrs. Rose Noble Hughey, 80, of 315 East St., died at 8:30 p.m. Wednesday in Fayette Memorial Hospital where she had been a patient one month. She had been ill six weeks.

Born in Illinois, she had spent virtually her entire life in Washington C. H. She was a member of Grace United Methodist Church and a lifetime member of its WSCS.

She was the widow of Martin Hughey, who died in 1931, and is survived by a daughter, Mrs. Vernon (Susan) Scott, of Indian Wells, Calif.

Services will be held at 10 a.m. Saturday in the Kirkpatrick Funeral Home with the Rev. John W. Armentrout, pastor of Grace Church, officiating. Burial will be in Washington Cemetery.

Friends may call at the funeral home after 4 p.m. Friday.

John Weaver

GREENFIELD — John Weaver, 59, of 536 McKell Ave., died at 6:30 a.m. Thursday in Fayette Memorial Hospital.

He was born in Jefferson County, but had lived in this area many years. He was employed by Armco in Washington C. H. for 20 years before his retirement and he was a member of the Washington C. H. Eagles Lodge.

He is survived by his wife, Marie Palmer Weaver; three sons, Robert, of Washington C. H., John, of Johnson, Ohio, and David, at home; two daughters, Mrs. George (Martha) Walker, Rt. 2, and Mrs. Larry (Susan) Paul, of Greenfield; and four grandchildren. He also leaves a brother, Robert Weaver, of Wellsburg, W. Va.

Services will be held at 2 p.m. Monday in the Murray Funeral Home. The Rev. Mrs. Marie Broomhall, of Hillsboro, a former pastor of the Washington United Methodist Charge, will officiate. Burial will be in White Oak Grove Cemetery.

Eagles Lodge rites will be held at 8 p.m. Sunday in the funeral home where friends may call after noon Sunday.

Mrs. Virgie Puckett

GREENFIELD — Mrs. Virgie Puckett, 82, of 750 Carford Pike, died at 2:30 p.m. Wednesday in Greenfield Hospital. She was the widow of James A. Puckett, who died in 1957.

She was a native of Scioto County, but had lived here many years. She was a member of the Church of Christ.

She is survived by two foster daughters, Mrs. Joyce McClaskey, of Brookville, and Mrs. Jean Bonner, of Mountain Rest, N.C.; two foster sons, Douglas Conklin, of Greenfield, and Robert Conklin, of Toledo, and 14 grandchildren.

Services will be held at 10:30 a.m. Saturday in the Murray Funeral Home, with the Rev. Dwight McKay, pastor of the Church of Christ officiating. Burial will be in Greenfield Cemetery. Friends may call at the funeral home after 4 p.m. Friday.

Mrs. Ethel C. Oehlke

Word has been received by relatives here of the death of Mrs. Ethel Carr Oehlke, 90, in Lima.

She was a daughter of the late Eligha Carr and a sister of Eber Carr, former residents of this area.

Services will be held in Lima Friday afternoon, with burial in Findlay beside her late husband.

Addonizio Faces Term In Prison

TRENTON, N.J. (AP) — Former Newark Mayor Hugh J. Addonizio and four co-defendants face up to 20 years in prison on each of 64 counts of conspiracy and extortion.

All five were convicted by a jury Wednesday night in what the federal government described as a Mafia-backed scheme to squeeze payoffs from contractors doing business with the state's largest city, which has a population of more than 400,000.

No date was set for sentencing by U.S. Dist. Court Judge George H. Barlow.

Killer Sentenced

(Continued From Page 1) had attempted to hide the watch in the city jail cell.

The watch was identified as having belonged to the murder victim.

Prosecutor John Malik Jr. credited local police and sheriff's deputies with providing the prime material evidence in the trial and commended both departments on the excellent quality of their work and the professional manner in which the men handled themselves at the trial.

The trial of Conner has tentatively been set for the first week of September.

Ra was the Sun god in Egyptian mythology.

Bruce Heads For Saigon

Makes Stopover On Way To Paris

WASHINGTON (AP) — Ambassador David K.E. Bruce headed for Saigon today and consultations with South Vietnamese leaders before taking over as chief U.S. peace negotiator in Paris.

Bruce and Ambassador Ellsworth Bunker, U.S. envoy to South Vietnam, left Washington Wednesday following discussions with President Nixon and other officials on projected new U.S. peace proposals at the stalemates Paris talks.

These tentative new proposals reportedly are designed to offer Communist elements in South Vietnam an opportunity to share post-war political power in Saigon as part of an over-all agreement for ending the war and getting both U.S. and North Vietnamese armies out of the country.

Such proposals, implying some kind of future coalition government, are a sore point between the Nixon administration and Saigon.

Bruce presumably wants to form a first-hand impression of President Nguyen Van Thieu's stand on this issue and what proposition Thieu is prepared to accept.

Nixon reportedly has decided to move slowly in presenting new proposals to the Viet Cong and North Vietnamese at Paris. They may not be formulated and introduced before September.

Meanwhile, Ambassador Philip C. Habib returned to Paris Wednesday to continue as acting head of the U.S. team until Bruce takes over. Habib has been chief U.S. negotiator since Ambassador Henry Cabot Lodge resigned last December.

The issue of how to form the peacetime government in Saigon, and particularly what assurances might be given the Communists in advance of elections, is regarded by many well-informed diplomats as the central issue of the peace talks.

Forest Fire Endangers Rare Cranes

CALGARY, Alta. (AP) — A forest fire was advancing on the nesting grounds of the rare whooping cranes in Wood Buffalo National Park today, and about 110 troops were dispatched to help fight it.

The fire is rapidly approaching their habitat," said a spokesman for the park service. "We have a critical situation there."

Dr. A. H. Macpherson, western director for the Canadian Wildlife Service, said 50 to 60 of the adult birds are in the park, plus yearling young and an unknown number that have hatched this summer.

Nine fires were reported burning over about 20,000 acres in the park, which straddles the border between Alberta and the Northwest Territories. Five of the fires were reported out of control.

Those arrested included Joseph Myers Clifford, 20, son of Franklin County Clerk of Courts Joseph Clifford. Others arrested and also charged with various narcotics offenses were Melvin Lee Cheatwood, 18; Neil A. Van Vorhis, 19, and Phillip Ray Weisent, 18.

Officers said all four listed the house where the raid was staged as their address. The others arrested were charged as suspicious persons.

A cubic foot of gold weighs about 1,200 pounds.

Ground Broken For New Lodge

LOGAN, Ohio (AP) — Ground was broken Wednesday for the state's new lodge on a high ridge deep in the Hocking Hills State Park.

Mel Rebholz, assistant director of the Ohio Department of Natural Resources, headed department officials at the ceremony marking the start on \$4.5 million in improvements near Old Man's Cave.

The lodge and 40 vacation cabins will make up the latest addition to the state's park system. Rebholz said the lodge and cabins will be built to retain as much as possible of the wooded scenery, including tall pine trees planted in the late 1920s.

A 33-acre lake is already under construction.

Governors Close

(Continued From Page 1)

the attack on the federal bureaucracy, called again Wednesday for decentralization of the national government.

"The federal government is without a doubt the worst organization on the face of this earth," Rhodes declared.

He said departments such as agriculture and commerce should be more centrally located to bring the government closer to the people.

The conference also passed resolutions:

— Calling upon the federal government to share tax dollars with the states.

— Asking establishment of a federal clearing house to register and classify chemicals released into the environment.

— Proposing creation of an interstate compact, with approval of individual legislatures, to regulate nuclear power sources and develop peaceful uses of nuclear power.

One third of the total land area of the Earth is in Asia.

Police Arrest 16 At House In Wild Party

AKRON, Ohio (AP) — Akron police converged on the Lone Star fraternity house at the University of Akron early today, arresting everyone in the house except the housemother on charges of disorderly conduct in a "wild party."

Police said 16 youths, most members of the fraternity, were arrested after one cruiser was pelted with rocks and beer bottles and some participants in the disorder were found nude outside the house and on its roof.

"We went up and cleaned the place out," said Capt. Al Monzo, who led an 11-man force in making the arrests. Monzo said residents had complained in the past about drinking and noise at the house and street cleaners had had to be sent there to clean up broken beer bottles thrown from the house.

These tentative new proposals reportedly are designed to offer Communist elements in South Vietnam an opportunity to share post-war political power in Saigon as part of an over-all agreement for ending the war and getting both U.S. and North Vietnamese armies out of the country.

Such proposals, implying some kind of future coalition government, are a sore point between the Nixon administration and Saigon.

Bruce presumably wants to form a first-hand impression of President Nguyen Van Thieu's stand on this issue and what proposition Thieu is prepared to accept.

Nixon reportedly has decided to move slowly in presenting new proposals to the Viet Cong and North Vietnamese at Paris. They may not be formulated and introduced before September.

Meanwhile, Ambassador Philip C. Habib returned to Paris Wednesday to continue as acting head of the U.S. team until Bruce takes over. Habib has been chief U.S. negotiator since Ambassador Henry Cabot Lodge resigned last December.

The issue of how to form the peacetime government in Saigon, and particularly what assurances might be given the Communists in advance of elections, is regarded by many well-informed diplomats as the central issue of the peace talks.

The issue of how to form the peacetime government in Saigon, and particularly what assurances might be given the Communists in advance of elections, is regarded by many well-informed diplomats as the central issue of the peace talks.

The approach, which in effect, would order the Pentagon to make its own spending cuts as it sees fit, was reportedly the virtually unanimous choice of senators' aides who attended a private strategy session earlier this week.

The senators themselves have yet to approve or veto the spending-limit tactic and no fixed dollar figure for such a ceiling has been advanced.

The procurement bill—essentially the Pentagon's annual shopping list for new weapons systems and the research which makes them possible—faces a series of challenges on full funding for specific items: the Safeguard antiballistic missile system, the \$200 million contingency fund proposed for the C5 cargo plane, funds for the trouble-plagued F-14 fighter-bomber and several others.

It also will be the forum for debate and decision on the so-called "end the war amendment" sponsored by Sens. Hatfield and George McGovern, D-S.D.

9 Are Arrested In Drug Raid

COLUMBUS, Ohio (AP) — Police raided an apartment in the Ohio State University district Wednesday night, arrested nine persons and confiscated about 30 bags of heroin, officers reported.

The flock of big white cranes in Wood Buffalo Park is the only band of the birds that exist in the wild. Another 21 whoopers are in captivity. The wild birds winter at the Arkansas National Wildlife Refuge along the Texas Gulf Coast.

The stately migratory bird whose trumpet-like call once rang across the skies of North America was threatened with extinction 30 years ago. From a low of 15 birds in 1941, the number has slowly increased under protection of the U.S. and Canadian governments.

Nine fires were reported burning over about 20,000 acres in the park, which straddles the border between Alberta and the Northwest Territories. Five of the fires were reported out of control.

Those arrested included Joseph Myers Clifford, 20, son of Franklin County Clerk of Courts Joseph Clifford. Others arrested and also charged with various narcotics offenses were Melvin Lee Cheatwood, 18; Neil A. Van Vorhis, 19, and Phillip Ray Weisent, 18.

Officers said all four listed the house where the raid was staged as their address. The others arrested were charged as suspicious persons.

A cubic foot of gold weighs about 1,200 pounds.

IT'S SO EASY TO PLACE A WANT AD

Administration Defends New Environment Agency

WASHINGTON (AP) — The Nixon administration, attempting to squelch criticism of its proposed environmental super-agency, says coordinating all federal pollution-fighting efforts under one roof will help eliminate vested interests of existing cabinet-level departments.

President Nixon's decision to create a new Environmental Protection Agency—EPA—was based in part on the need to avoid the institutional biases of existing agencies," Dwight A. Ink, assistant director of the Office of Management and Budget, said Wednesday.

Ink's testimony to a House subcommittee appeared to be a reply to congressional backers of Interior Secretary Walter J. Hickel's hope to concentrate government pollution-fighting activities in his department.

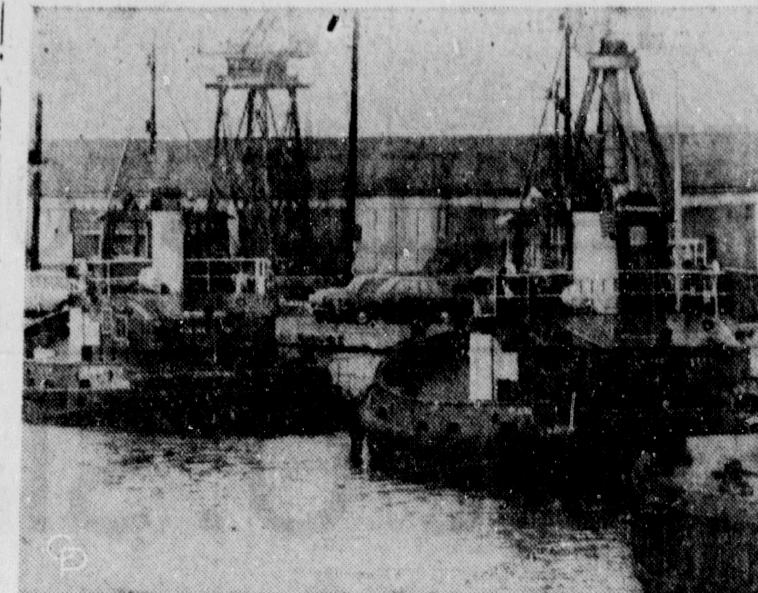

President Nixon's reorganization plan, signed two weeks ago, pulls most of the antipollution enforcement efforts into the EPA from major government departments. In addition Nixon created a National Oceanic and Atmospheric Administration dealing primarily with environmental research.

Unless Congress acts within 60 days to void the plan, it will become effective.

Rep. John A. Blatnik, D-Minn., subcommittee chairman, said he expects a resolution to set aside the proposal to be introduced.

"To vest all the EPA programs in one of those departments is apt to result in a particular slant to those activities produced.

SENDING FOOD PRICES UP IN ENGLAND — Tugs are idle at the normally busy King George V dock in London during Britain's first general dock strike since 1926, causing prices of food to climb steeply.

Hungarians Hold Ohioan

CLEVELAND, Ohio (AP) — A group of 30 Clevelanders and 10 Detroit residents after the group had cleared passport of officials at the airport.

U.S. Rep. Charles A. Vanik, D-Ohio, said that the State Department had confirmed to him Wednesday that Szappanos had been detained. He said the State Department had sent a note of inquiry to the Hungarian foreign ministry, seeking the reason for the detention and what charges, if any, were being made.

Szappanos, who led a dozen earlier tours to Hungary without incident, left Hungary in 1930 and set up residence here.

SKYLAB—The shift in emphasis among many NASA officials toward Earth orbiting platforms points up this artist's conception of a three-man station called Skylab.

A LARGE SPACE BASE for the late 1980s is illustrated here. It would be assembled in Earth orbit from modules launched separately over a 10-year period. The initial module would be a 12-man space station launched in 1978. The crew would include scientists, engineers, technicians and maintenance personnel. Supplies and crewmen could be transported via a reusable shuttle.

Economic Upturn Hinges On Consumers

By JOHN CUNIFF
AP Business Analyst

NEW YORK (AP) — This wayward economy might begin to straighten itself out quickly if ordinary Americans shared the Nixon administration's interpretation of current events.

In recent days the President and his aides have begun talking it up, assuring the citizenry that the worst has been reached and past, and that now we may raise our sights and concentrate our efforts on the new expansion.

The most encouraging interpretations are being put on some pretty discouraging facts:

—Prices are 6 per cent higher than a year ago, but we are reminded that they rose at only a 4.8 per cent annual rate in June.

—Unemployment continues to rise, perhaps to 5 per cent, but we are told this is as much from expansion in the number of available workers as it is from layoffs.

Interest rates should start declining, we are told, but the fact

is they are at century-high levels. Mortgage rates, too, may have reached their peak, it is said, but that peak is still Everest-like for prospective home buyers.

The economy has, by many measures, reached a very depressed state. But why look down when the sky is above? We are told, therefore, that the economy "has bottomed out," and that we "will definitely see the economy turning up."

Perhaps this outlook really isn't a subjective interpretation made by men who must prove their policies are working. Maybe this is really the way things are. Could this really be the watershed?

True. But studies of consumer behavior in recent years, mainly by Dr. George Katona of the University of Michigan, have demonstrated that the consumer may have the ability to buy but not the desire to buy.

In other words, depending upon many factors, he may stuff his mattress with dollars or he may spend them. He may even be willing, if he feels the

future is bright, to buy when he doesn't have money, to borrow on his future.

What determines his willingness? So many factors that all state of the war.

Technology Expert Will Assist Church

EDINBURGH, Scotland (AP) — The (Presbyterian) Church of Scotland has decided to employ a technological expert at a salary of 3,000 pounds (\$7,200) a year to "pioneer relations between the church and the new world of computers."

The Rev. George Wilkie, Industrial Organizer, said the appointment grew out of a recent conference of industrialists, trade unionists and churchmen which recommended deeper involvement of the Church of Britain's industrial life.

Lower Farm Subsidies Fought

WASHINGTON (AP) — The Nixon administration has vowed to fight congressional efforts to reduce a proposed \$55,000 ceiling on annual federal subsidies to farmers for not working their land.

The House Agriculture Committee Wednesday approved an omnibus bill limiting payments to individual and corporate farmers who participate in federal programs to reduce acreages planted in cotton, wheat and feed grains. The \$55,000 ceiling would apply to each of the three categories.

Reps. Silvio O. Conte, R-Mass., and Paul Findley, R-Ill., charged the ceiling was too high. Findley said he would attempt to lower it to \$20,000 per

crop—the maximum amount approved earlier this month by the Senate.

The statement brought a prompt response from Agriculture Secretary Clifford M. Hardin, who told reporters the administration supports the \$55,000 ceiling and will fight efforts to reduce it.

There is no limit presently on the amount a farmer can receive from the federal government for not planting crops. Five individual payments of over \$1 million each were made by the federal government in 1969 under the three categories of crops involved.

The subsidy program costs about \$3.5 billion a year and benefits about 2.5 million farmers. The payments average \$1,400. One-third of all payments are \$500 or less.

Presumably, under terms of the bill, a large corporate farm with holdings in various parts of the country could receive a maximum of \$165,000 for withholding land from wheat, feed grain and cotton production.

Conte said he would introduce an amendment to prevent large corporate farms from breaking down their holdings into smaller units to avoid the \$55,000 ceiling. The House twice in recent years voted a \$20,000 ceiling, only to have it upset in conferences with the Senate.

Hardin called the measure "a

good bill" that will "enhance the economic position of farmers" in the years ahead.

The bill, expected to be taken

Businessmen Said Skeptical

Of Federal Commitments

WASHINGTON (AP) — The nation's largest trade organization, said:

"I would urge this council to further evaluate this problem and to recommend affirmative action to the President. The council may consider, for example, urging the President himself to take steps to reassure the business community and its voluntary organizations that the expansion of business opportunities for minority persons is truly a national priority."

Kugel's disclosure, included in a prepared statement on the role of voluntary action, took the council by surprise.

The council now reportedly plans to include some sort of recommendation about how to deal with the problem in the "national blueprint" it intends to send to Nixon in November.

Nixon's minority enterprise program has been crippled by problems and internal dissension almost since it was launched.

The Office of Minority Business Enterprise has had almost-continuous staff turnover and the council's blueprint is virtually certain to recommend some change in its status.

The Commerce Department and the Small Business Administration have disagreed on what is whose responsibility, and the council in its earlier days survived a fight with Commerce Secretary Maurice H. Stans over whether or not it should aggressively pursue long-range planning. The council thought it should and its insiders contend Stans wanted only a body to ratify his department's actions.

Fayette Sheriff Guest Speaker

Members of the Business and Professional Women's Club held its first meeting with Mrs. Robert Schneider as president. Mrs. Betty Johnson led the Pledge of Allegiance and gave the invocation.

Guests were Mrs. Helen Coil and Mrs. Roy Long. The officers of the club were in charge of the program. Mrs. Norman Armbrust introduced Miss Becky Wipert, who presented the drama, "He Loved Me Truly."

Sheriff Don Thompson, the guest speaker, discussed the program of narcotics and drug addiction. He first described drug addiction as it stands today in the country, and more specifically the problems of narcotics as it relates to our own community. He indicated that Fayette County is not immune to the problems among its youth although it is not as severely affected as some other parts of the state. Sheriff Thompson also showed a series of slides on the same subject.

A period of questions and answers with participation of club members followed. Mrs. Schneider conducted business for the evening.

Newmans Honored At Dinner

Mr. and Mrs. Rufus Newman, of Bookwalter, were hosts at a family picnic for their son and daughter-in-law, Mr. and Mrs. Fred Newman, who will leave July 27 for Czechoslovakia for two years as teachers in the schools there.

Present for the occasion were Mr. and Mrs. Herman Newman and children, Linda, Doug and Brenda, and Mr. Rick Brooks, of Sabina; Mr. and Mrs. Vernon Newman and daughters, Carol Lynn and Beverly, of Woodstown, N. J.; Mr. and Mrs. Fred Newman, of Hamilton;

Mr. and Mrs. Tom Newman and children, Teresa Kay and Trent, of Rockingham, N. C.; Mr. and Mrs. Roger Newman and son, Randy, of Xenia;

Mr. and Mrs. Terry Newman, of Washington C. H.; Sgt. Richard Newman, of Kansas City, Mo.; Mr. and Mrs. David Hart and son, Travis Wayne, of Washington C. H.;

Mrs. Roseann Hill, of South Webster; Mrs. Irma Lewis and children, Bobbie, David, Nancy, Tammy, Lonnie and Ronnie, of Tampa, Fla.;

Mr. and Mrs. Gene Chamberlain and daughter, Vicki, and Mr. and Mrs. Danny Dyer and son, Scott, of Wheelersburg; and Mrs. Bertha Leach, of Bookwalter.

Birthday Party For Isaac Free

A covered dish dinner was held in Eyman Park for Mr. Isaac Free, of Frankfort, in observance of his 66th birthday. Present for the occasion were Mrs. Free and their seven children and families.

They are Mr. and Mrs. Russell Free and daughter, Tammy, Washington, Ind.; Mr. Harold Free, of Frankfort; Mr. and Mrs. Orlie Shanton, and children of New Holland; Mrs. Marjory Hollis and children, Mr. and Mrs. Frank Kinzer and son, Gary, Mr. and Mrs. Frank Free and children, Mr. and Mrs. Ronald Free and family, of Washington C. H.

Others enjoying the day were Mr. and Mrs. Theo Kinzer, of Greenfield; Mr. and Mrs. Frank Smith, Karen Smith, Jerry Wilson and Penny Oakes, of Chillicothe; Mr. and Mrs. Forrest Butler, of Frankfort; Mr. and Mrs. David Webb, of Columbus; and Mrs. Nellie Jenkins, of Frankfort.

Modern physicists have realized the dream of ancient alchemists who sought for centuries to change one element into another. Since 1940, 13 man-made elements heavier than uranium have been added to the Periodic Table.

1963 MTHS Class Plans Reunion

The 1963 graduating class of Miami Trace High School will hold a reunion with a dinner and dance at the high school Aug. 22. The dinner will be served at 6:30 p.m. and the dance will be from 9 p.m. to 1 a.m. The dinner is \$4.50 per person.

Reservations may be made with Beverly Wilt, 335-7467 or Janie Keith 426-6205 by July 31.

Linen Shower Is Given For Bride-Elect

Miss Deidra Kellenberger, bride-elect of Mr. Rich Wilson, was feted with a linen shower at the home of Mrs. Dame Anderson. Assisting with the hospitalities were Mrs. Everett E. Stone and Mrs. Dana Kellenberger Jr.

A lovely array of gifts covered the dining room table, which was centered with a bride doll and decorated with streamers of pink, blue and yellow.

The guests enjoyed several contests in which the winners were Mrs. Harold Bonecutter, Mrs. Herbert Hoppes and Mrs. Jesse Linton, who later presented their prizes to the guest of honor.

Following the opening of gifts, a sandwich course and iced tea were served to Mrs. Dana Kellenberger and Mrs. Herbert Wilson, mothers of the couple. Mrs. Greg Anderson, Mrs. Larry Kellenberger, Mrs. Karl Kellenberger, and daughter, Teresa, Miss Sandra Kellenberger, Miss Sharon Kellenberger, Miss Mary Jo Wilson, Mrs. Russ Wilson and son, Rusty, Miss Marilyn Shafer, Miss Margaret Warnock, Mrs. Herbert Hoppes, Mrs. Walter Boyer, Mrs. Harold Bonecutter, Mrs. Jesse Linton, Mrs. Joe Gentry, Mrs. Robert Kitchen and Mrs. Thomas Hicks.

Personals

Mrs. Frances Allen and daughter, Lynn, and sons, Tim and Robert, arrived from Houma, La., for a visit with her parents, Mr. and Mrs. A. B. McDonald, 826 Dayton Ave., and her father and mother-in-law, Mr. and Mrs. William C. Allen, 330 Hopkins St.

Mr. and Mrs. S. S. Terhune were in Dayton Sunday where Mrs. Terhune was guest oboist with the Dayton Philharmonic Summer Orchestra in a concert in the Municipal Shell, Island Park, Dayton, under the baton of Dr. Paul Katz. Selections were from Mozart, Romberg, Strauss, Gershwin, Rodgers and Bernstein.

In the mid-19th century, the Maharaja of Gwalior (a state now part of modern India) built a palace with a solid-gold roof, tested for strength by elephants. Within were the largest red chandelier and the most elaborate model train setup in the world. The palace now is a public museum.

KNIT MIDI — This figure-conscious dress in the softest gold ribbed wool Kashmir knit is belted high and banded at the sleeves and down the button front by Ann Fogarty for her fall collection.

North St. Mr. Luneborg will come from Shreveport to join his family here later, then they will go on to New York for a visit with relatives.

Solons Told Central State Wants Money

WILBERFORCE, Ohio (AP) — Legislators studying campus unrest were told Wednesday they could expect trouble at Central State University next term if the state doesn't act to supply more financial support.

"You're going to have trouble unless you deal with the problems here," said Sid O. Davis, president of the Greene County NAACP.

"Since this is the only black state university, you're going to have to keep this school and pump some money into it," he declared.

Testimony Wednesday wound up a two-day hearing on the CSU campus by a legislative subcommittee headed by Rep. Robert Levitt of Canton. The lawmakers also met privately with university officials and others.

Another witness at the public hearing, William J. Davis, Columbus attorney and counsel for the CSU student government, also cited the need for more state funding.

"I don't feel that laws are going to solve this situation unless they're laws on appropriations," he said. "Get more money to the schools. Representative legislation will not solve the problem."

Clinton Churchman, director of the student union at Central State, said students are concerned with the state of the country and the need for greater human concern by all people.

Students revolt, he said, because they have a feeling of "utter futility and frustration."

He said they blame the older generation for the social ills, Vietnam war, pollution and "hypocrisy of this country."

Agnew Attacks Red Teachers

HOLLYWOOD (AP) — Vice President Spiro T. Agnew says,

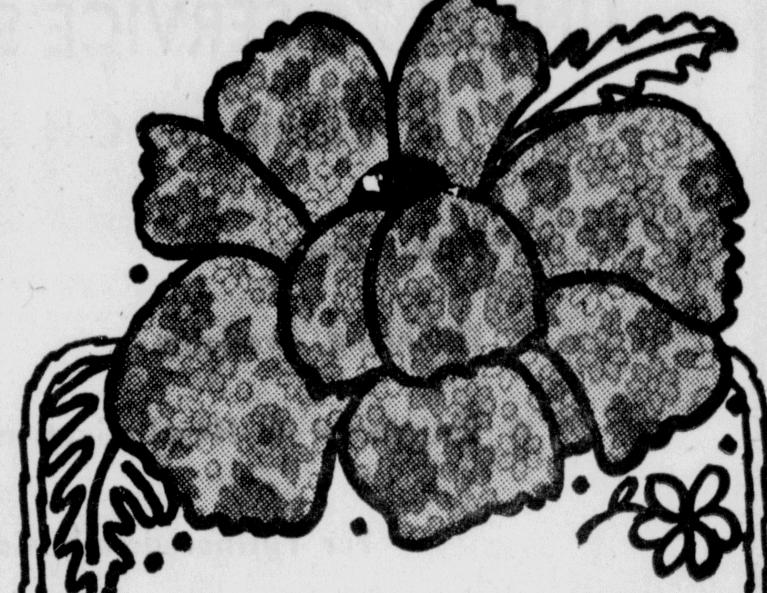

"I believe that an avowed Communist . . . shouldn't teach anywhere in tax-supported school or a private school or anywhere . . . in this country."

Agnew said in an interview Tuesday over KTLA, an independent television station, that it is not unwarranted to "put this restriction on someone who is consciously attempting to destroy the fiber of this country through violent means."

A red dye is obtained from the cochineal, a bug.

Car-Shine Grand Opening This Week

The grand opening of a new car washing facility on H. after an absence of 12 years Columbus Avenue, on the site once occupied by the old 'bottle house' is scheduled for Friday, Saturday and Sunday.

As an introductory offer, John Rhoad, the owner-operator of Car-Shine, said his Cornuba

will be applied to each car washed during the three-day event.

Car-Shine will introduce a new concept of car wash and gasoline service to the community, Rhoad said. He explained that the cost of a car wash is reduced proportionally with the purchase of gasoline. He cited, for example: A \$3 purchase of gasoline entitles the customer to a car wash for 75 cents and a \$6 gasoline purchase treats him to a free wash.

Special attention will be given to the tires and wheels, he said. A special cleansing agent will be applied when the car enters Car-Shine. It will be permitted to soak for a time before the dirt and grime are attacked with wheel brushes. A different cleaner is applied to the rest of the car to protect the finish, he explained, while spinning soft nylon brushes cover the entire exterior of the car. A blower will dry the car as it leaves.

Rhoad, the son of Mr. and Mrs. C. E. Rhoad, U. S. 62-S,

has returned to Washington C. as an oil change and motor tuneups, will not be available. In rainy weather, rain checks will be given so the customer can get gasoline and return later for the discount car wash.

The Car-Shine processes are simple, yet complete and effective. The car is soaked with hot, soapy water, it is scrubbed with soft brushes and a fresh water rinse completes the job.

When the car passes through the front door of the building, it is washed, waxed and dried in less than two minutes, while sold, but other services such as the driver and passengers

Federal City College — New Idea At Work

By RAYMOND WILCOVE
Central Press Association

WASHINGTON — One of the most interesting adventures in higher education is taking place today in the nation's capital where the Federal City College will embark upon its third year this autumn.

FCC abounds in firsts. It is the federal government's first general public college, the nation's first urban land grant college, the capital's first comprehensive public institution of higher learning and, what is perhaps its most important first, the first opportunity thousands of black urban dwellers have ever had to obtain a college education.

And with that education goes the possibility of better paying jobs.

Established in 1967, the college opened its doors the following year. Its aim was to provide high quality education to any high school graduate for nominal tuition.

THE OPEN DOOR policy on admissions brought with it a built-in problem, for many who aspired to a college education were not scholastically prepared for it. To assist them, requirements for the freshman year are relaxed and students can take more than one year to fulfill them.

During this period an effort is made to improve the students' basic skills, especially his English and spelling, in the college's "Skill Center." But once the student enters his sophomore year, he must maintain a C average to remain in school.

When the college opened in Sept. 1968, of the thousands who

black president, explained the college's open door policy this way: "It means the college is open to those with bad education, those with no educational background in the family, an institution of higher learning that has a social conscience, concerned with meeting the needs of the people rather than merely screening citizens."

"WE'RE saying in a sense that we're going to have to generate first-generation college families because we know that, if fact, education is one thing that breaks a person out of the cycle of poverty — and keeps him out," Randolph said.

The student body is about 97 per cent black, but unlike other colleges with a preponderant white enrollment, campus turmoil has been absent from FCC after a first-year attempt by some faculty members to establish a separate black studies program.

They lost. The student body sentiment appeared to favor a good basic education, interspersed with black study courses.

THE FACULTY has a good number of white instructors, some of whom have turned down better-paying positions to stay at the fledgling college. A history professor said he had rejected nine offers from "swank institutions."

Salaries at the college for full professors range from \$15,500 to \$22,475 per school year. One third of the 269 faculty members have doctoral degrees.

Water power is sometimes referred to as "white coal."

A FEDERAL CITY COLLEGE student attending class with child

"OVER 56 YEARS"

Let's Tour Ohio

Gallipolis Has 1800 Tavern

EDITOR'S NOTE: This is one of a series of short tours of Ohio travel attractions prepared by the Fayette County Automobile Club for The Record-Herald.

Southern Ohio is noted for scenic beauty, especially in the fall, but it also has historic and other sights which add to the interest and enjoyment of a tour of the area at anytime.

"Our House" at Gallipolis is probably the best known attraction. This is an authentic restoration, recently completed, of an inn and tavern which was the center of community life in the early 1800's.

Now administered by the Ohio Historical Society, it was built by Henry Cushing and offers public tours of its taproom including a bar, a ballroom,

Hindi Phone Service

NEW DELHI — India's Central Hindi Directorate has established a telephone service to give "authentic information on various aspects of Hindi language and literature," the government has announced.

IT'S SWEET CORN TIME!

Get the kettle out! The local sweet corn season is here, and you'll find most of the sweet corn for sale is coming from local growing areas from now until fall.

Although fresh sweet corn from Florida and other southern states has been on supermarket produce counters since late winter, quality and flavor are usually best when the corn comes from nearby fields. Bill Brooks, horticulturist for the Ohio Cooperative Extension Service reports that harvest is under way in all parts of Ohio now, and all indications point to good quality corn. So, now is the time to really enjoy it.

What makes corn sweet? The sweetness of sweet corn is due to the sugar content. This is at its peak when the corn is picked. If the corn is not quickly cooled and stored under refrigeration, the sugar rapidly turns to starch, and the corn is no longer "sweet." Thus, when you buy, make sure that it has been cooled rapidly after harvest and has been kept iced or refrigerated up to the point where you purchase it. Or, buy it just when it comes from the field.

Continue to keep sweet corn refrigerated until you are ready to cook it. And buy only what you can use in a short while — one or two days at the most. Better still, follow the advice of many a sweet corn grower — put the water on to boil, then go get your sweet corn, be it from the garden or from a nearby market. But since most of us can't do this, we can buy refrigerated corn that was cooled shortly after it left the field.

FOR CREAM-STYLE corn cut corn from the cob at about the center of the kernels. Scrape the cobs with the back of the knife to remove the juice and the heart of the kernel.

Pack corn into containers, leaving $\frac{1}{2}$ -inch head space. Seal and freeze.

LOOK FOR: Fresh, succulent husks with good green color, silk-ends that are free from decay or worm injury, and stem ends (opposite from the silk) that are not too discolored or dried.

Select ears that are well covered with plump, not-too-

mature kernels.

Avoid: Ears with under-developed kernels which lack yellow color (in yellow-corn); old ears with very large kernels, and ears with dark yellow kernels with depressed areas on the outer surface.

Also avoid ears of corn with yellowed, wilted, or dried husks, or discolored and dried-out stems.

YOU SAY your family only likes corn when it's on the cob? Well, then freeze it on the cob!

Husk, remove silk, wash, and sort ears according to size.

Heat in boiling water: Small ears . . . 7 minutes (1 1/2 inches or less in diameter); Medium ears . . . 9 minutes (1 1/4 to 1 1/2 inches in diameter); Large ears . . . 11 minutes (over 1 1/2 inches in diameter). Cool promptly in cold water and drain.

Wrap and seal each cob separately in aluminum foil and put each family serving in a moisture proof plastic bag.

If you prefer, you can also prepare corn for freezing in the whole kernel and cream style.

Husk ears, remove silk, and wash the corn. Heat ears in boiling water for 4 minutes. Cool promptly in cold water and drain.

For whole-kernel corn, cut kernels from cob at about two-thirds the depth of the kernels.

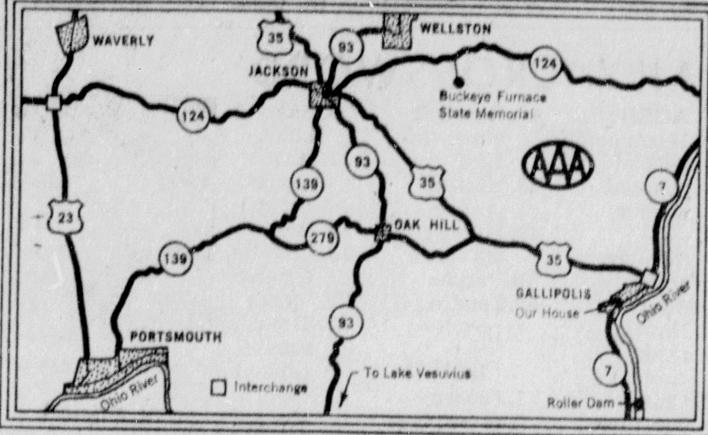

Pack corn into containers, leaving $\frac{1}{2}$ -inch head space. Seal and freeze.

It's also possible to can corn with the use of a pressure canner. If you would like to have your canner tested for pressure accuracy, call the Extension Office today at 335-1150 for an appointment. Free bulletins on canning and freezing are also available upon request.

no charge.

One of only three Federal recreation areas in Ohio is Lake Vesuvius, north of Ironton off Ohio 93. The 143-acre lake provides a swimming beach and boating, while the 200-acre surrounding area has good picnic, hiking and camping facilities. There also is a restored iron ore furnace.

The AAA club suggests this routing to the tour area: From Washington C. H., take U. S. 27 to Gallipolis; Ohio 7 to U. S. 52 to Portsmouth; U. S. 23 to Chillicothe and U. S. 35 home.

Now Add Sonic Boom To Ecology Problems

LONDON (AP) — Environmental experts of all types will collaborate in compiling what British authorities call a boom on ancient buildings to study the effect of the sonic boom from supersonic aircrafts.

A program of 50 supersonic runs has been scheduled for the Concorde over the next three years down an 800-mile corridor. The runs will gradually work up to maximum speed of 1,400 miles an hour.

Known as the Supersonic Bang

Prisoner Finds Watch

SYDNEY (AP) — A woman who lost her gold wristwatch in a park in Tasmania while on vacation has had it returned . . . by the Prisons Department.

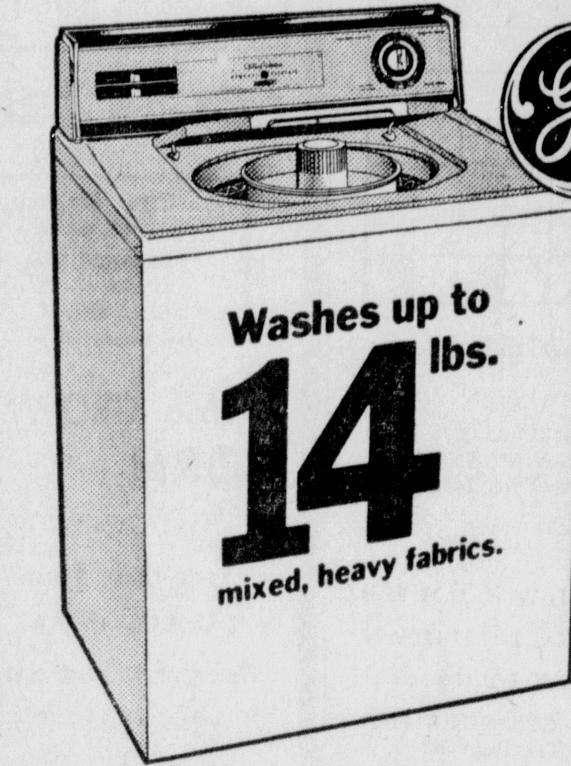

The watch was found by a prisoner on a work party in the park.

The earth rotates from west to east on its axis.

Your Horoscope

The Stars Say—By ESTRELLITA

For Tomorrow

IT MAY take a good deal of patience, perseverance and shrewdness to handle situations you are likely to face on Friday but, forewarned, you should be able to take them in stride. Most will continue to involve personal relationships, so it's just a matter of being unusually tactful.

For The Birthday

If tomorrow is your birthday, your horoscope indicates that the three months beginning on Sept. 1 will be excellent where job and/or business interests are concerned. In this connection, business and personal friends could be unexpectedly helpful during October but don't let down in your own efforts, of course, since the achievements of this period could spark still further progress during January, March and June of 1971. The last three months of 1970 will be planetary excellent for monetary concerns, and still further gains are star-promised in late March, May and June of next year. Late in December will be a most propitious period for launching long-range financial programs, but do avoid

speculation in late October and early November of this year. Gains during that period will accrue only through conservative operation.

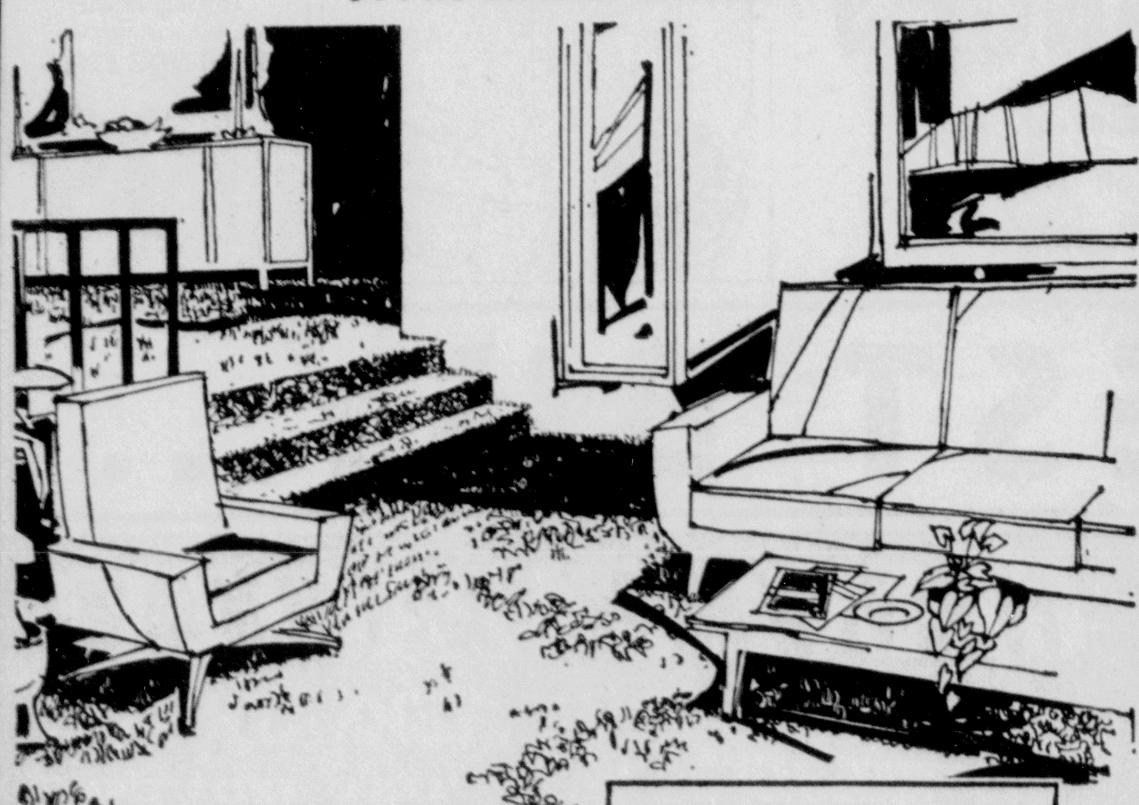

Except for a brief period in mid-August, when you may be under some stress, personal relationships will be governed by exceptionally generous influences during the next 12 months, which augurs well for social and domestic interests. Don't be dismayed if, during mid-May, there may be some changes on the domestic scene—perhaps in the way of environment. They should work out very well. For the single, stars smile on romance—especially during August, October, late December (an outstandingly good period for all Leoites!), in March, May and June. Most propitious periods for travel: The next three weeks, September, February, May and June.

A child born on this day will be endowed with a magnetic personality; would make an extraordinarily good salesman, and could succeed in any field which involves dealing with the public.

Lycurgus was a famous lawgiver of ancient Sparta.

News From The Sabina Area

KINGS DAUGHTERS MEET

The Kings Daughters Class met Wednesday at the home of Mrs. Frank Pavey. The president, Mrs. Leroy Morgan, conducted the meeting opening with a poem by Kipling. Mrs. Ted Iles read the devotions.

Fourteen members responded to roll call. Two guests, Mrs. Lois Burris and Mat Keane, were present.

The next meeting will be a picnic at the home of Miss Margaret Waddell. Members are to bring covered dishes and table service. Cards were sent to Mrs. Leslie Johnson, Mrs. Hobart Matson and Mrs. Earl Custis.

Mrs. Pavey was assisted by Miss Waddell, serving refreshments to Mrs. Leroy Morgan, Mrs. Leroy Foster, Mrs. Ted Iles, Mrs. Elbie Flint, Mrs. Frank McClung, Miss Imogene Daughtry, Miss Ada Lynch, Mrs. Robert Miller, Mrs. Raymond Cline, Mrs. Charles Showman, Mrs. Noel Haines and Mrs. Cleona Weller.

WILSON GRANGE
Wilson Grange met Monday evening at Grassy Run Church with worthy Master Julie Cramer serving pro-tem. Mr. and Mrs. Raymond Haines were in charge of the music, followed by the salute to the flag.

Those serving pro-tem were the master; lady assistant steward, Mrs. Eugene Cramer; assistant steward, Eugene Cramer and steward Thomas Bernard. Preceding the meeting the Junior Grangers presented a drill, with a patriotic theme, and presented a flag to the Grange. Mrs. Millard Hall, home economics chairman, and Mrs. Eugene Cramer, youth chairman of the county, gave reports.

Program was in charge of the Junior Grangers and refreshments were served by Mr. and Mrs. Eugene Cramer. The fair booth committee reported they had been working on the

booth. There were 42 persons present.

SADDLE AND SPUR

The Sabina Saddle and Spur Club held a meeting Monday night at the home of Sandy Uhl.

Members were divided into age groups, corresponding to those of the 4-H classes at the Fair, and worked on horsemanship and showmanship.

Project books were turned in at the business meeting. Sandy Uhl and Denny Rose served refreshments. The next meeting will be Monday, July 27 at the home of Dixie Pope.

THEFT REPORTED

Members of the Little League Committee reported two cases of breaking and entering of the ball park this week. The equipment stand and concession booth were broken into and some \$50 in candy and potato chips were taken.

The committee spokesman said it appears to be the work of juveniles. The committee is offering a \$25 reward for information leading to the arrest and convictions of persons involved.

SABINA THRIFTY SEWERS

The Sabina Thrifty Sewers 4-H Club met at the home of Mrs. Dunn. Regina Kendall called the meeting to order. New business was discussed by Mrs. Dunn and Mrs. Hamilton.

Lee Ann Stauffer and Judy Custis presented a puppet show about keeping America beautiful by putting trash in the trash cans.

Refreshments were served by Sherry Taylor and Lee Ann Stauffer.

Members of the club are to meet at the home of Mrs. Dunn to go to judging of their projects.

SABINA CAB SERVICE

Sabina council Monday night heard a request from the H and L Cab Co., Greenfield, to start a cab service in Sabina.

Council raised no objections,

and the operation will start soon. Council also passed a resolution to advertise for bid for rebuilding the entire length of Stockton Avenue, from Washington Street to Rose Avenue, along with new curbs and gutters.

PERSONALS

Mr. and Mrs. Noel Brown Jr. and sons, Jeff and Tim, entertained recently for Tim's second birthday anniversary. Those present were Mr. and Mrs. Millard Ball and Kim, Mr. and Mrs. Noel Brown Sr. and Brenda, of Bowersville, Mrs. Roger Barnhart and Keith of Omaha, Neb., and Mr. and Mrs. Bobby Kirk and Robin, of Bowersville.

Tuesday supper guests of Mr. and Mrs. Noel Brown Jr. and children, Tim and Jeff, were Mrs. Jessie Brown, Roger Martin, Mr. and Mrs. Bill Hawkins and daughter, Patty, of Jamestown, Mrs. Robert Kirk and daughter, Robin, of Bowersville and Mr. and Mrs. Noel Brown Sr.

Mrs. Clarence Cramer, Miss June Cramer, Miss Diana Stewart, Miss Arlene Routzahn and Mrs. Charles Henry, of Lima, visited in Dayton Tuesday.

Mrs. Rosalind Shelley and Mrs. Wanda Shupert of Sabina, have returned home from a 10-day trip in the South. They visited relatives of Mrs. Shelley in Nashville, Tenn., Vicksburg, Miss., Jackson, Mo., and Kosciusko, Miss. They drove down the Natchez Trace Parkway, stopping at a Visitor Center which contained a museum of Natchez lore and relics.

At Vicksburg, they visited the National Military Park, where magnolia trees are still in bloom. They also went aboard the Mighty Sprague, the largest sternwheel towboat ever built.

It is now docked at Vicksburg, Miss. At Nashville, Tenn., they also visited "The Hermitage."

Refreshments were served by Sherry Taylor and Lee Ann Stauffer.

Members of the club are to meet at the home of Mrs. Dunn to go to judging of their projects.

SABINA CAB SERVICE

Sabina council Monday night heard a request from the H and L Cab Co., Greenfield, to start a cab service in Sabina.

Council raised no objections,

and many more places of interest.

Sunday afternoon guests of Mrs. Edna Bottenfield, were Mrs. and Mrs. Bill D. Bottenfield and daughter, Linda, of Chillicothe.

Mr. and Mrs. David N. Thomas, of Reynoldsburg visited Mrs. Thomas' mother, Mrs. Edna Bottenfield, Tuesday evening.

Driver Fined After Accident

A Jeffersonville driver was fined \$100 and costs, was sentenced to three days in jail and had her license suspended for 30 days in Municipal Court Wednesday for leaving the scene of an accident.

Judge William E. Sammons suspended \$75 of the fine and the three-day jail sentence imposed against Nellie Maud Robinson, 59, on condition of good conduct for a year.

The only other traffic case hearing Wednesday, Bruce E. Latter, 29, of Parma Heights, was fined \$25 and costs for speeding. The charge was filed by the State Highway Patrol.

Fair and pleasant weather dominated most of the Far West, a large part of the Mid-continent east of the Rockies and most of the Northeast.

Temperatures before dawn ranged from 46 at Bradford, Pa., to 97 at Needles, Calif.

The Lucy Stone League is a women's group named for Lucy Stone, who retained her maiden name after marriage.

The first airline stewardesses appeared in 1930.

IT'S SO EASY TO PLACE A WANT AD

Heavy Rain Pours Over Southeast

By THE ASSOCIATED PRESS

Soaking rains poured into parts of the Southeast today as the remnants of tropical storm Becky drifted across the Appalachians.

Flash-flood warnings were in effect for portions of North Georgia, the western Carolinas, southeastern West Virginia and southwestern Virginia.

The storm swamped Tallahassee, Fla., with more than 8 inches of rain in 24 hours before moving inland. Three inches drenched West Palm Beach in one hour. A similar amount fell on Augusta, Ga., throughout Wednesday.

Lighter rain extended westward through the Ohio and lower Mississippi valleys. One to 2 inches was common in sections of Alabama and eastern Tennessee.

Showers and thunderstorms also splashed over the Rockies in the predawn hours. Strong, gusty winds accompanied many of the storms.

Fair and pleasant weather dominated most of the Far West, a large part of the Mid-continent east of the Rockies and most of the Northeast.

Temperatures before dawn ranged from 46 at Bradford, Pa., to 97 at Needles, Calif.

The Lucy Stone League is a women's group named for Lucy Stone, who retained her maiden name after marriage.

The first airline stewardesses appeared in 1930.

IT'S SO EASY TO PLACE A WANT AD

Mt. Logan Property To Be Sold

Mount Logan Sanatorium at Chillicothe has been closed and the property will be sold.

That decision was reached unanimously Wednesday at a joint meeting of the boards of county commissioners of the six supporting counties — Fayette, Ross, Pike, Highland, Scioto and Jackson.

The Fayette County board was represented by Chairman Robert Fitchhorn and Robert Mace.

Since the last four patients — none from Fayette County — were transferred to Ben Franklin Tuberculosis Hospital, Columbus, last week, the commissioners adopted the resolution to sell the property probably on bids, and the equipment at auction.

No date was set for either sale.

With the closing of Mount

Logan, clinics will be established at Chillicothe and Portsmouth.

The first building known as a Quonset hut was built in 1941.

The pre-cussion rock drill was patented in 1849.

Pluses And Minuses Mark Environmental Battlefront

By BRIAN SULLIVAN

AP Science Writer

Mid-year of 1970 brought two major events that could shape much of the fight to save the American environment throughout this decade, and beyond.

One of them, President Nixon's sweeping attempt to coordinate the federal environmental effort, holds the promise of making the fight more effective.

But the other, the discovery of widespread and dangerous mercury poisoning of many American waters, promises that the struggle will be even more difficult.

culthan than many had feared.

While any benefits to come from the President's proposed reorganization are some time away, making this a potential gain, the mercury pollution is an immediate reality and a major loss on any scorecard of man's antipollution race.

In pulling together a variety of pollution control efforts now scattered throughout government into one new agency, the Environmental Protection Agency, the President hopes to overcome the present system, which

he said "often defies effective and concerted action."

One phase of the reorganization plan should please environmentalists—removing from the Atomic Energy Commission the authority for setting radiation exposure standards. Environmentalists have long charged the AEC with a conflict of interest, promoting the use of atomic energy while being responsible for regulating it.

The President also proposes combining air and sea research under a new National Oceanic and Atmospheric Administra-

tion within the Commerce Department. It is being called "Noah."

Unless Congress objects, the entire plan goes into effect in 60 days from the July 9 announcement. Observers expect controversy over the AEC proposal.

The discovery of significant

amounts of mercury in waters of at least 17 states takes on even more importance because it appears most people did not suspect the problem even existed.

Just how widespread, how serious, and what damage to human health may already have occurred, is unknown. And what

of all the other chemicals in the environment?

Mercury, the liquid inside ordinary thermometers, is a heavy metal that is poisonous to humans. It finds its way to water, federal officials say, in waste from industry, from paper, chlorine, sodium and plastics operations.

It can cause progressive brain damage, blindness, kidney damage, death. It can persist in water for 100 years, experts say. Industrial pollution experts previously believed that mercury did not dissolve in water, but sank harmlessly to the bottom of rivers and lakes.

But for all the awareness, there is still a lot of adverse ecological news.

The government's effort to ban lead from gasoline is in trouble in Washington and the 1970 cars on the road have failed to meet exhaust reduction standards.

If everybody stopped polluting Lake Erie today it would take at least 12 years for the lake to regenerate naturally.

The Seminole and Miccosukee Indians have leased exploration rights to 10,000 acres of their land in the heart of the Florida Everglades to major oil companies, posing a new threat to the ecology of the Everglades.

—Further, Florida faces pollution problems of "catastrophic

proportions" in the 1970s, according to a state report. Plans for coping with the problem are termed "grossly inadequate and ineffective."

Of the positive steps taken, many, like the President's reorganization plan, require time before they can produce results.

But as an indication of the changing times and attitudes, there is the new policy of the U.S. Army Corps of Engineers—a group often considered as "an enemy of the people" by conservationists because of the engineers' preoccupation with construction.

Lt. Gen. F. J. Clarke, chief of the Army engineers, unveiled the policy statement in Washington, committing the corps to "give full consideration to environmental values in projects such as dam building.

Also on the plus side of the environmental scorecard, some beginnings are being made on recycling materials rather than junking them.

—Firestone Tire & Rubber

Co., for example, is building a pilot plant in Akron, Ohio, for converting used tires into usable materials, if it works, Firestone says it will set up 10 plants around the country.

—The Department of Health, Education and Welfare has awarded a \$364,000 grant to the National Association of Secondary Material Industries, Inc., to do a study of possible uses of solid wastes. It will focus on scrap copper, aluminum, lead, zinc, nickel alloys and stainless steel, precious metals, paper stock and textiles.

—On noise pollution, Citizens for Quieter City, a group of business and professional people in New York City, has designed a project aimed at substantially reducing the noise from jackhammers, automobile horns, sirens and garbage trucks in a 60-block area of Manhattan. The group, with a \$300,000 Ford Foundation grant, will study how the noise reduction affects the attitudes and well-being of the people who live in the area.

AUCTION

Friday, JULY 24th 7:30 P.M.

Our sale is larger and nicer this week. Some very nice antique furniture pieces in the rough. Antique dishes including a bowl and pitcher set. Some carnival glass.

HOME ON LEAVE

Sp. 4 William Michael Gilmer returned home Saturday from Camp Travis, Calif., for a 40-day leave after which he will report to Vietnam. He is the son of Mr. and Mrs. William Gilmer, New Holland.

Airman 1C Marian Jean Wood is home on 30-day leave from Scott Air Force Base in Illinois. She will go to Okinawa at the end of her leave and will be stationed there for 18 months. She is the daughter of Mr. and Mrs. Floyd Woods.

PERSONALS

Mr. and Mrs. Robert Dennis and daughter, Tonda and Twila, attended the Noble family reunion at Grigg's Dam in Columbus, Sunday.

Tammy Tarbill, Pam Woods and Don Davis returned Friday from the Methodist MYF Church camp at Camp Otterbein, near Logan.

Mrs. and Mrs. Joe Drake returned Monday to their home in San Francisco, after a few weeks' visit with friends in New Holland.

Carman White and John Dean are attending the Methodist Church camp in Lancaster this week.

The Rev. and Mrs. Russell White and daughter, Lori, of Ada, were Wednesday visitors at the home of Rev. and Mrs. Frank White and family, New Holland.

Mr. and Mrs. Albert Bussell, Cincinnati, were Friday evening visitors at the home of Mr. and Mrs. Charles Richard Doyle and family. On Sunday Mr. Michael Doyle, of Columbus, was an all-day visitor at the Doyle home.

Mr. and Mrs. Robert Noble and family were Sunday guests at the home of Mr. and Mrs. Orlie Noble in New Holland Monday. Mr. and Mrs. James Noble and daughter, and Mr. Loyd Noble and son, Mark, were visitors at the Noble home.

Mr. and Mrs. James Nigh and children, Randy and Suzann, of Lancaster, were Saturday visitors at the home of Mr. and Mrs. Paul Orihood.

Mr. and Mrs. Paul Boldman, Sabina, Mr. James Ater and Miss Lou Taylor, of Dayton, and Mrs. Edna Rice of Washington C. H. were Sunday dinner guests at the home of Mr. and Mrs. William Gilmer.

Mrs. Clifford Kuhn, of Orient,

was a Sunday afternoon guest at the home of Mr. and Mrs. Jake Hart of New Holland. Sunday evening Oney Kerns and daughter, Debbie, of Washington C. H., were visitors at the Hart home.

Mrs. Ethel Bryant attended a birthday party at the home of Mr. and Mrs. Wallen Tway of Chillicothe in honor of Mr. John Tway, Grove City, Sunday afternoon. Sunday evening Mrs. Bryant attended the concert. Karen is Mrs. Bryant's niece.

Paul, Kimberly and Carl Bryant were recent guests at the home of Mrs. Ethel Bryant. Mrs. Tom Conrad attended the School of Missions this past week at the Otterbein college in Westerville.

Mrs. Carol Siegrist of Cincinnati underwent surgery Sunday night for an attack of appendicitis. Mrs. Siegrist is the daughter of Mr. and Mrs. Tom Conrad, New Holland.

Mrs. W. A. Woods went to Lexington, Ky., Thursday to pick up her daughter, Billie Ann, who completed a week at the cheerleading camp at the University of Kentucky.

Mr. and Mrs. Richard Clapp and family, of East Liberty, and Mr. and Mrs. Donald Campbell and son were Sunday guests at the home of Mr. and Mrs. Earl Campbell. Sunday Irvin Yeoman,

DESTRUCTION COMPLAINTS WITHDRAWN

Charges of malicious property destruction against three men, filed by Jane Ann Myers, 621 S. North St., were dismissed in Municipal Court Wednesday afternoon. But, charges of assault filed against two of the trio involved in the same

incident were continued until July 31. Miss Myers, who accused Herbie Ray Thompson, 22, of 1121 Lakeview Ave., Donald E. Alltop, 23, of Columbus, and Richards W. Williams, 23, of Grove City, with maliciously destroying property at her

residence, asked that the charges against the trio be dismissed.

Court costs were assessed against Miss Myers by Judge William E. Sammons.

Alltop and Thompson were charged with assault by Ronald Summers, 21, of Bloomingburg.

George D. Remy, Rt. 5, police said.

Thompson pleaded guilty and Alltop not guilty during arraignment last week. Judge Sammons continued both cases until July 31 because the prosecuting witness remains hospitalized.

All of the charges were the result of an alleged brawl which broke out at the Myers home, police said.

Bobble By Umpire Helps Cubs Ride Over Reds, 10-2

CHICAGO (AP) — When you're in the driver's seat, like the Cincinnati Reds, you can laugh off an umpire's boner and set a time schedule for a title stretch drive.

The umpire's slip up came yesterday and sewed up a 10-2 decision over the Reds.

"Guys are running all over the place, and Dick Tremblay (plate umpire) is holding the ball," said manager Sparky Anderson, whose Reds hold a com-

manding lead in the National League east race.

He referred to a play on which relief pitcher Ray Washburn threw wildly over his catcher on a bases-loaded bunter by Randy Hundley and then had Tremblay ask for the retrieved ball from Washburn.

Meanwhile, Hundley was exchanging greetings at second base with Johnny Callison who had retreated from third base, also occupied by a Cub.

With Tremblay studiously ex-

amining the ball, Hundley was able to scamper back to first base. The upshot of it all was that the Cubs pushed across four of their five third-inning runs without hitting the ball out of the infield.

"I won't mad, though," said Anderson. "Tremblay is a good umpire. He blew it, but we had the inning fouled up before that happened."

Anderson used the losing effort, played before 37,858 — second largest crowd of the season at lightless Wrigley Field — to rest Johnny Bench and partially use big guns Pete Rose and Tony Perez.

"If the Dodgers play strong enough to catch us, they'll deserve it. But after Aug. 15, we hope we can set up the way we want to go from then on."

Bench may be used in today's windup of the two-game set with the Cubs "if the wind is blowing out," said Anderson. "He's got a little muscle spasm in his back, but took batting practice Wednesday."

Yesterday, Anderson pulled Rose and National League home run and RBI leader Perez in the sixth inning, "We're then behind 8-0 and they could stand a rest," said Anderson.

Gahanna scored once in the first inning, but blew a bases-loaded, none out situation in the second inning and did not score.

Fayette County broke the ice in the second frame as Gardner Cobb reached base on an error and moved around on a stolen base, a passed ball and another error.

Three runs scored for manager Jim Kramer's Fayette Countians in the third inning. Randy Sparkman singled, but was forced at second on Morris' grounder. Perry Whittington reached base on an error, then Holbert singled and Tony Grooms walked. Domenico singled in two runs.

Fayette County now waits for Hillsboro, Gahanna and Grove City to fight it out among themselves for the other berth in the finals.

Grove City meets Hillsboro Thursday at 6:30 p.m.

Young Farmers, Town Tavern Win

Town Tavern won twice and Young Farmers picked up a victory Wednesday evening at Eyman Park in Fayette Softball Association action.

Town Tavern whipped NCR 31-1 after edging Mead 5-4, and Young Farmers thumped Redman 13-2.

For Town Tavern, Jack Merriman pitched both games. In the first game, Sid Woodrow tripled and doubles were clubbed by Randy Merriman, Steve Waddell and Jack Wheeler.

Against NCR, Glen Smith had two triples, Sid Woodrow a triple and a double, and Ralph Moore a triple and two doubles. Town Tavern totaled 35 hits in the second game.

Zimmerman, Coil, Grubb, L. Wilson, Davidson and Isler all had two hits apiece for the Young Farmers. Grubb was the winning pitcher, while Cox was the loser. Grooms had three hits for Redman.

Dayton Team Knocks WCH From Tourney

Washington C. H.'s Little League all-stars bowed out of tournament play Wednesday night at Wilson Field, losing 1-0 to First Dayton. A last-inning error accounted for the run.

Dayton's Chris Weatherford hurled a one-hitter for the win, fanning eight and walking one.

Gregg Cobb was the losing moundsman, with six strikeouts and a walk. He permitted three hits.

Weatherford and Cobb battled through 5 1/2 innings of scoreless ball, before the Daytonians came up with the run that won the game.

Weatherford doubled in the sixth and sneaked home on an error by Washington C. H. That ended the game.

Ted Mercer's fifth-inning single broke up Weatherford's no-hitter, and turned out to be the only hit of the game for Washington C. H.

Washington C. H. had baserunners in the second and fourth innings as well, but could not get them around.

Washington C. H. pulled off

Post 25 Wins 8-1 Over Greenfield

By KIRK ARNOTT

Record-Herald Sports Writer

That business about the third time being the charm just isn't always so. As Greenfield's Dave Pendry, P. E. D. Y., curveballing righthander, finally yielded to the powerful bats of Washington C. H.'s Post 25 Pennington - Wilson American Legion baseball team on Wednesday night and was tagged with an 8-1 loss.

The game was the first in the District 7 tournament at Hillsboro City Park, and put Post 25 in the winners' bracket.

Pendry had held Post 25 to a tie and later beaten it in two previous starts this year, but was unable to tame Washington C. H. a third time.

Bryce Brown boomed a homer for two runs and also gained his 11th win on the mound this season as he led Post 25 to the win. Steve Bowers clouted two doubles and a single and knocked in two runs.

Five Post 25 players had two hits each, with Steve Bihl, Jeff Blake and Marty Jones all among that group.

Randy Alkire singled in Brown with the first Post 25 run in the third inning, and Blake drove in a run in the fourth.

But the sixth inning was the big one for Post 25, with three singles, two doubles, Brown's homer, a walk and an error adding up to six runs.

Brown allowed seven hits in posting the victory. Pendry was relieved by lefty Mark Cox after Brown's homer in the sixth.

Now 22-16 for the year, Post 25 will take on Portsmouth Saturday at 4 p.m. at Hillsboro in its next tourney game. Greenfield will meet the loser of the Waverly - Chillicothe Post 757 game.

Pirates Turn Back N.Y. Mets, 5-3

By ED SCHUYLER JR.

Associated Press Sports Writer

Bruce Dal Canton came through with a key relief job for the Pittsburgh Pirates as a surfer.

"I'd rather be a surfer but I know I'll be back in the bullpen," Dal Canton said Wednesday night after working 7-2-3 innings and getting the victory in the Pirates' 5-3 triumph that boosted to two games their lead in the National League East over the New York Mets, who lost to San Diego 5-4 in 10 innings.

Dal Canton might go back to the bullpen, but his starting and winning performance was sorely needed by the Pirates, who have three starters out with injuries.

Bob Veale, sore arm, is expected back Saturday or Sunday, but it is not known when Bob Moose, sore elbow, will return and Steve Blass is on the disabled list after being hit on his pitching arm by a line drive.

In other NL action Wednesday, Houston hammered St. Louis 13-9, Los Angeles outlasted Montreal 12-10, the Chicago Cubs clubbed Cincinnati 10-2 and Philadelphia topped San Francisco 5-3.

Auto Damages Cemetery Fence

A slippery road caused by a light rain Thursday morning contributed to a single car accident that caused \$200 damage to the Washington Cemetery fence.

Linda Brown, 21, Rt. 1, New Holland, told police she was following another car on Washington Avenue about 8:30 a.m. Thursday, when it slowed to make a turn into Laurel Road. She said she applied the brakes, and the car slid out of control, hitting the curb and striking the fence at the cemetery. She had been traveling west on the highway at about 40 miles per hour prior to the wreck, according to the police report.

Police cited her for driving on the wrong side of the road. Damage to her car was estimated at \$90.

Evelyn Six, 42, of 820 Clinton Ave., and Karen 20, of 425 Millikan Ave., were involved in a collision in the 100 block of E. Market Street about 2 p.m. Wednesday.

Mrs. Six was backing from a parking spot on the north side of the street at the time, according to the police report. She was cited by police for improper backing.

Damage to the Six vehicle was estimated by police at \$75, to the Mark car at \$300.

Redman Truckers To Vote On Union

Nine truck drivers employed by Redman Industries here will vote July 29 on whether to be represented by the Teamsters Union or no union.

The election will be conducted by the regional office of the National Labor Relations Board, Cincinnati.

No-Parking Ordinance OK'd

Council Slates Recess Session

City Council Wednesday passed one no-parking ordinance, defeated another and then recessed until Monday due to the absence of two members.

On Monday Council is expected to consider solutions to the downtown traffic congestion problem and to review the matter of placing two levies on the November ballot for renewal.

The two one-mill levies are for fire protection and street repair. The resolution to seek renewal must be filed with the Fayette County Board of Elections before Aug. 3.

Among the ordinances to be brought before Council Monday are those prohibiting double parking on Court Street in the downtown area for unloading purposes, prohibiting double parking to load and unload near intersections in the downtown area and prohibiting vehicular stopping or standing at posted areas near intersections.

CONSIDERATION also will be given to the three proposed traffic patterns for the downtown area during the Monday meeting, according to City Manager Clarence A. Christman.

The proposals include creating a one-way traffic pattern, creating left turn lanes or eliminating all left turns off of Court Street.

Passed Wednesday night was an ordinance prohibiting parking on the east side of S. North Street from Court Street to East Street.

Defeated was an ordinance to prohibit parking on the north side of East Street and S. North Street to Washington Avenue.

The ordinance was defeated after a petition was presented to Council signed by 21 persons in the area that would be just what the name implies.

The petitioners asked that the ordinance be dropped, that a "no trucks" sign be posted and that a center yellow line be painted on East Street.

The elimination of parking on part of East Street would increase its use by other traffic, according to the petitioners.

It was for the purpose of increasing traffic on that street in preference to Court and Elm streets that the ordinance was first called for by Council.

DURING his report to Council, City Manager Clarence A. Christman asked for advice on renewing the fire contract with Union Township. The municipality currently provides fire protection to the township for \$22,500 per year. The three-year contract with that government subdivision expires Dec. 31.

Renewal of the contract under its current terms was recommended by Christman.

The Council asked Christman to prepare a report on the number of calls made by the Fire Department into the township and the cost of those calls during the past three years.

"SOUND POLLUTION" problems in the city was another matter raised during the brief session.

Councilman Mike Arnold asked if there is anyway to control the noise emitted by tractor-trailer rigs passing through the municipality.

A proposal to use a decibel meter to check noise and arrest truckers in violation of limits was turned down by Municipal Court Judge Reed M. Winegarner several years ago, Christman reported. The judge said that he would not enforce a noise ordinance requiring use of the decibel meter, according to the manager.

Arnold also asked if any action

had been taken with regard to the Mid-Ohio Health Planning Federation.

Christman reported that he had not been able to gain any confirmation of reported raises in rates. He said that the city is committed to paying only \$400 for only the year 1970. There is no local commitment beyond that time, he said. He suggested that the city remain with the federation for the agreed year.

A letter from the Cincinnati Symphony Orchestra's president conductor, Erich Kunzel, was read to Council. Kunzel expressed his appreciation for the certificate of commendation given to him and the orchestra by the city during their last performance here. He said he hopes the orchestra will be able to present many more programs in the city.

The tires and rims valued at \$92.50 were stolen from near the sales building, and two garden tractor tires and wheels plus a combine air cleaner valued at \$84.26, were stolen from the company's storage building on Camp Grove Road.

A truck driver who ordered \$14.55 worth of diesel oil for his rig at Garners' Truck Stop, Interstate 71 and Ohio 35, left without paying, the manager, Tom Hix, 508 E. Paint St., reported.

Hix told sheriff's deputies that the unidentified driver pulled his rig into the station and ordered the diesel oil, and then told the attendant that he would park it and return to pay his bill. The driver did not return, according to the complaint.

Business Notes

NEW INCORPORATION

Articles of incorporation for Taffy Good Apples, Inc., have been filed with the secretary of state by Leonard E. Bach, U. S. 35-N, John S. Richardson, 922 Lincoln Dr., and Edward R. Hull, of Greenfield.

Bach, the agent for the incorporators, said plans at present are indefinite, but that the company's product will be just what the name implies.

Bach is the Sugar Creek Packing Co. office manager, and Richardson is the president. Hull is a mechanical engineer.

SAVINGS BOND SALES

June sales of Series E & H United States Savings Bonds and Freedom Shares in Ohio were \$24.2 million — up \$2.4 million over June 1969.

Ohioans purchased \$157.6 million in Savings Bonds and Freedom Shares during the first six months period. The state attained 50.7 per cent of its annual sales goal June 30.

Eugene J. Zimmer, Fayette County area manager, reported county sales in June totaled \$16,436. County sales for the first six months were \$151,369. The county achieved 48.8 per cent of its annual sales goal the end of June.

Through the news media, Blair urged residents who did not receive census forms to notify the department. He also asked ones who have received forms but not sent them in, to do so.

"As our citizens are paying

federal taxes, we want to make

sure they are getting their fair

share of return of these taxes,"

Blair said, pointing out that some federal funds are allo-

cated to metropolitan areas on

a population basis.
